

**A MESSAGE FROM
THE ESTABLISHMENT
TO VIOLENT EXTREMISTS**

5. Realize that when you mass in large numbers, it is a *provocation*.

6. In America, you're innocent until proven guilty.

Myon Burrell

7. Learn to de-escalate situations, and fellow group members.

Rodney King

8. Take a deep breath.

George Floyd

9. Ask yourself, "Is it worth it?
What will this really accomplish?"

Eric Garner

10. Will reckless actions like this
help or hurt your cause?

Walter Scott

What is it with you people and your
culture of violence? Whatever happened
to *personal accountability*?

Look, these are people who go out every day with
a target on their backs.

Trayvon Martin
Michael Brown
Ahmaud Arbury
Breonna Taylor
Christian Cooper

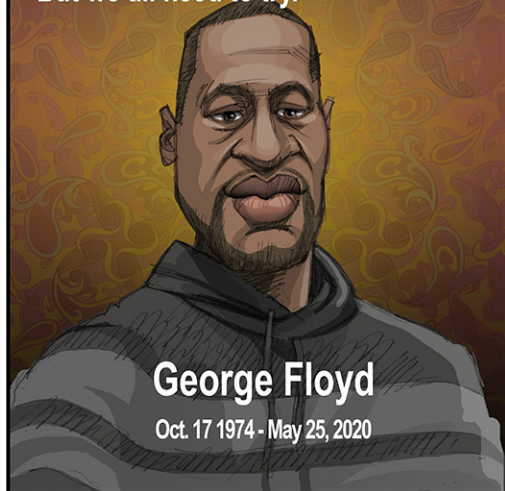

They're judged *differently* by America. They're vilified.

Maybe you wouldn't understand.

Mpls. police union
chief Bob Kroll

But we all need to try.

George Floyd
